

Agents for Progressive Change

Evolver is a technology company that addresses client challenges in the present and transitions clients into the future by delivering efficient and effective IT solutions. Established in 2000, Evolver has successfully grown from an emergent small business to a trusted technology leader. We have been recognized by Inc. 5000 for five consecutive years as one of the nation's fastest-growing private companies.

With a dedicated focus on client satisfaction, Evolver has proven its value to both federal and commercial sector clients, from managing day-to-day operations to skillfully navigating the implementation and support of new technologies.
